In the Mineralogical Museum in Szklarska Poręba, you can see nearly 4000 exhibits: minerals and fossils from around the world, as well as one exhibit from space – the Gibeon meteorite. In front of the museum, there is "CARBONIFEROUS FOREST" (the only one in Europe). There are fossilized trunks of the Dadoxylon tree, which grew here about 300 million years ago. A separate section of the museum is characterized by fossils and skeletons of dinosaurs. This is Poland's largest private collection of reptiles from before millions of years and an exhibition of models of retro cars "From the first automotive to the present day". The Museum has a regional souvenir shop, minerals and jewelry.

We invite you to take advantage of the attractions in the form of night sleigh rides with torches and bonfire. We ride along a picturesque forest path, located in the attractive part of Szklarska Poręba. There is a view of the beautiful panorama of the Karkonosze Mountains. The offer includes a 40-minute ride in the first with torches, ending with a bonfire.

Food and drinks are not provided by the organizer. We organize sleigh rides for organized groups and individuals. Our stable has nine beautiful horses, so we are able to organize a sleigh for up to 45 persons. We also offer a ride in a sleigh or by a carriage to Kamińczyk Waterfall.

Tourist choosing the Karkonosze Mountains must necessarily plan a visit to one of the biggest attractions of the region – the Cieplice Baths. The internal part of the complex includes swimming pool, paddling pools, recreation pool with water attractions, slides. Unique attractions are two swimming pools, in which you can swim even in the winter! Water recreation is complemented by the SPA zone where guests have to their disposal Jacuzzi tubs, water jets, snow grotto and saunas.

Mysteries of the Karkonosze Mountains – a winner in the National Geographic competition called “7 New Wonders of Poland”. This is an underground multimedia exhibition dedicated to the legendary figure of the Mountain Spirit. In the Mysteries of the Karkonosze Mountains, you can listen to wonderful stories and make fascinating discoveries. Guests will hear 12 stories, among others, history of herbalists, minerals seekers and seekers of natural riches, who settle the Karkonosze Mountains – Walloons, former glassmakers or legends related to the Lord of the Karkonosze Mountains – the Mountain Spirit. The multimedia and interactive nature of the exhibition causes that visitors broaden their knowledge through action and fun.

Open daily from 10:00 to 18:00
Adama Mickiewicza 1A Street, 58-540 Karpacz
Phone: 75 76 19 999
Ticket prices: normal ticket 19 PLN, discounted ticket 15 PLN

This is the only such place in the south part of Poland, where you can see the world reversed by 171 degrees. You enter the building through the top window and walk on the ceiling. The reversed hut is completely furnished and equipped with everyday objects ... Additional attraction is the Gravitational Hut, which will ensure you amazing experiences. You go inside, sit comfortably, until suddenly ... the house begins to whirl around you! Or maybe you are turning? Come and check this attraction.

In the center of Karpacz, at the foot of Śnieżka, there is the Ski Station Winterpol Karpacz Biały Jar. The station has modern 6-person unhitched chairlifts with windscreens that work both in winter and in summer for hikers. There are three routes with different levels of difficulty. In the area of the station, there are also sports equipment rentals, a ski school and the comfortable Villa Winterpol.

Parrot House in Karpacz is the only such place in the Karkonosze Mountains, where you can spend unforgettable moments with your family. The variety of species and colors amazes not only the youngest visitors. You can feed, pet and take a parrot on your shoulder and immortalize this moment in photos. Come and see how nice the meeting eye to eye with these beautiful animals is.

The attractions of the park are unique and giant mock-ups of freshwater fauna. Specially designed paths will enable you to go through the real bottom of the pond, where you can familiarize yourself with the construction of fish, insects, amphibians and reptiles. The whole attraction is supplemented by the possibility of fishing (freshwater fish).

We invite you, Siedlisko Pstrąga.
